

Edinburgh Rugby Club Match Day Coaching Clinic (P4 – S2)

Dear Coach/Organiser/Teacher

After piloting an initial successful Match Day Coaching Clinics in Edinburgh last season, Edinburgh Rugby Club are organising several more clinics for this coming season. The first three Match Day Clinics will take place before the following matches:

- Edinburgh v Ulster Friday 28th September 2007 Murrayfield
(Places going fast)
- Edinburgh v Ospreys Friday 5th October 2007 Murrayfield
- Edinburgh v Dragons Friday 12th October 2007 Murrayfield

Your club/school has the opportunity to take up this superb offer of taking part in the Match Day Coaching Clinics, which will take place on the back pitches at Murrayfield Stadium. Last season several clubs had a great time at the clinics bringing their whole mini section or whole S1, S2 squad, which created an affinity with Edinburgh and gave a really good boost to all the participants.

The clinic will start at 5pm where your group will be met and welcomed, (all participants should assemble at the Murrayfield Wanderers Club House) then directed where to change and given details of the evenings programme. The clinic will last for approximately 1½ hours and include a variety of games and skills, led by qualified, disclosed coaches. Professional players will join in assisting with the coaching, playing in some of the games and practices. All participants will then have an opportunity to get autographs and speak to the players. One player will be chosen to be the Edinburgh Rugby Club mascot for the game.

The clinic is aimed at youngsters between P4 and S2 and as places will be limited, booking early is recommended. The clinic cost is £25 per player.

Participation in the clinic includes:

- Edinburgh Rugby Club t-shirt
- Edinburgh Rugby Club boot bag
- Edinburgh Rugby Club Beanie hat
- Fruit and water
- Entry to the game
- Certificate
- Qualified coaching session (1½ hours)

Organisation of the clinics is being carried out by Colin Ireland who has sixteen years experience as Development officer, and then Rugby Development Manger with the SRU. Colin now specialises in the development of sport for youngsters and adults in several areas throughout Scotland.
